

PARTS TRAY

The DMD Plastic Parts Tray suits a large variety of small good storage and is a cost-effective solution with the added benefit of adjustable dividers. These trays create compartmental storage enabling easy identification as well as high storage density for small items.

They are easy to label with a large flat front for fitting adhesive labels and are resistant to oil and chemicals.

DMD Parts Trays are designed to suit Australian Roll Post shelving and sized for maximum space efficiency.

FEATURES AND BENEFITS:

- Eight standard sizes to suit 300mm, 400mm and 600mm deep shelving
- Designed to fit metric RUT (Rolled Upright Type) shelving systems
- Large range of compartment sizes by adding extra dividers
- Back stop allows clear view and easy access of stock
- Dividers are notched to ensure positive location within the parts tray
- Trays feature a small handle so that maximum area of the front face can be used for labelling
- Unique web reinforcing for added strength and durability

Item Code	Item	Height	Width	Depth	Tray Volume	Load Capacity	Dividers Included	Number of divider slots	Quantity per carton
AT31	Tray	110mm	100mm	315mm	2.6 litres	8 kg	2	5	24
